Dear Parents/carers and children,

I hope you have all had a restful and reenergising Easter holiday.

I would firstly like to say a warm welcome to Mrs Cowin, our new Teaching Assistant, who will be supporting us in the mornings. Mrs Moncrieff and Mrs Padfield will continue to support in the afternoons.

We have a very busy, but exciting, term ahead of us which you can see an overview of above.

P.E. will continue to be on a Monday afternoon, for the whole of the summer term. Please ensure your child/ren have their PE kits in at the start of every week. During the first half of the term, we are delighted to be going back into the Spinney on a Tuesday afternoon to undertake some more Forest School activities with a link to our Stone Age to Iron Age history focus. We will be back to P.E. on a Wednesday afternoon, after half-term.

We will also be reorganising our trip to Lyme Regis - we will keep you informed of details once we have finalised dates.

Homework

This half-term is a really important one for those Year 4s who will be undertaking the government's times tables test. Please allow your child to practise all their tables on a tablet or computer so they are used to typing in their answers. PurpleMash or www.timestable.co.uk both have good practise tests.

Year 3s keep practising your tables in whatever fun way you like.

As always, keep reading. Reading should be fun, enjoyable and pleasurable. Encourage your child/ren to read at least 10 - 15 minutes a day and talk to them about what they are reading. Non-fiction books, comics and recipe books are just as good as fiction books, so allow your child/ren to read what they find interesting.

Please remember you are very welcome to come into the classroom in the mornings to talk to us about any urgent issues that could impact your child that day. Alternatively, we aim to be available on the playground most days after school - please do come and say hello

I am excited about all the fabulous learning opportunities we have planned for this term and am looking forward to seeing how the children develop and grow over the coming few months.

Kind regards

Mrs Wickstead
